Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Saturday 27 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely dry before isolated showers later and rain tonight.

Today:
Largely bright with isolated showers in a chilly start. Patchy cloud will thicken from the west during the afternoon as showers become more frequent and turning heavy for some. Feeling pleasant in any sunshine. Maximum temperature 12 deg C (54 deg F).

Tonight:
Clear spells return this evening as showers clear. Overnight a band of rain will pass over the region and winds strengthen with a risk of coastal gales. Feeling milder. Minimum temperature 5 deg C (41 deg F).

Sunday:
A damp and murky day with patches of drizzle and light rain under extensive cloud cover. Clear spells then arriving later overnight. Breezy but feeling milder. Maximum temperature 14 deg C (57 deg F).

Outlook for Monday to Wednesday:
Cloud clearing on Monday giving way to clear and dry conditions for the rest of the period. Breezy at times on Monday before becoming calm. Mild to very mild throughout.
